## This is a detailed guide to each topic

This is a topical answer to questions given to me over a seven-year period from Genesis to the book of Revelation of study and meditation; all without a dream of a vision. The past few years, I updated many of these chronicles to give confessing Christians an end time view of the apostate church world in the last generation, what God will require of those who return to their first love to receive their reward. Those who receive the warning from his messenger will be reaped with the latter rain saints out of great tribulation as noted I Rev. 14-15-17.
